

2023

Q50

INFINITI

THE DRIVE FOR THE DRIVEN

For some drivers, power is enough. But for a select few, it's how it translates to their performance that truly sets them apart. The 2023 INFINITI Q50 exudes a style that is expressive of progressive tastes, while its advanced performance has been tuned to be even more in sync with its driver. That starts by giving you a choice of a 300-hp or 400-hp¹ twin-turbocharged V6 engine and handling systems you can dial in to your preference. When the road brings the unexpected, you'll travel with the confidence of INFINITI technologies that can expand your awareness and help respond if objects are detected around you. When your personal journey extends your time behind the wheel, you'll be optimally positioned in a luxurious interior that is as refined and premium as the exterior is sleek and stylish. This is luxury that melds power and performance like never before.

▲ **MOVE WITH DISTINCTION** 1 18 X 7.5-inch Aluminum-Alloy Wheels 2 19 X 8.5-inch Sport-Design Triple 5-spoke Aluminum-Alloy Wheels 3 19 X 9.0-inch Front, 19 X 9.5-inch Rear Staggered Aluminum-Alloy Sport Wheels

▲ **UNBRIDLED POWER BY DESIGN** The Q50's curves and accents reflect its potential, seizing attention with every sweeping dynamic line. From the Q50 LUXE model to the top of the line, power is expressed in the angular sporty front fascia complemented by an aero-inspired rear lower diffuser. Exclusive red calipers expand the palette on RED SPORT 400.

▲ **THRILLING PERFORMANCE WITH EVERY CHOICE**

Pick the twin-turbocharged engine that suits you best: a 3.0-liter V6 with **300 hp** or a **400-hp¹** version with higher turbine speeds and enhanced cooling for maximum power. To carve a turn your way, the Q50 gives you steering you can customize to your preference: **Electronic Power Steering** offers a traditional feel with Sport Mode to engage when you want to sharpen response. The choice of suspension is equally empowering. **Standard Suspension** offers a double wishbone front and independent multi-link rear suspension for a smooth, confident ride. Or opt for **Dynamic Digital Suspension¹** that features electronically adjustable dampers and advanced processing to deliver a custom handling experience. Your experience can be further refined with the **INFINITI Drive Mode Selector** for responses that can be personalized to your liking.

TRUE CONFIDENCE COMES FROM WITHIN

You didn't get here by taking a back seat to anyone. That's why we've designed a luxury experience that is even more devoted to you, with premium features like wireless Apple CarPlay® integration,²

Bose® Performance Series Audio and leather-appointed seats. But it goes beyond, as your Q50 gets to know – and remember – you personally. Tied to the memory system, each driver's Intelligent Key automatically personalizes your cockpit as you enter. Beyond the seat, steering wheel and outside mirrors taking your positions, even your temperature and audio preferences for over 200 stored settings are recalled before you ever sit down.

▼ **IN SYNC WITH YOUR LIFE** INFINITI InTouch™ with wireless Apple CarPlay® integration lets you bring the iPhone® experience along for the ride² or make your compatible Android Auto™ phone

your preferred driving companion.² Either way, your focus is a priority with dual screens that display navigation^{1,3} up top near your line of sight and features like climate controls down below.

ENGAGED IN EVERY ASPECT OF STYLE

This is a performance vehicle first and foremost. Need proof? Look no further than the intricate interior details, such as the red contrast stitching¹ on the supple leather-appointed seats, stunning carbon fiber inlays¹ that not only look good but cut down on weight, and the D-shaped leather-wrapped steering wheel that feels like it was designed just for your hands. And when the road turns twisty, the power-bolstered driver's seat¹ holds you firmly in place, while perfectly placed paddle shifters¹ give you exceptional control. It all adds up to a more engaging drive.

DRIVING TECH THAT'S READY TO PERFORM

With drive assist technologies,⁴ the INFINITI Q50 can help ease the demands of the commute while still keeping you in command of the drive. Intelligent Cruise Control⁵ can maintain your speed as well as the set distance to the car ahead. So when the highway is congested, the Q50 can automatically brake when traffic slows and accelerate when it clears. With Blind Spot Warning⁶ and Lane Departure Warning⁷ also standard, traffic feels transformed. Predictive Forward Collision Warning⁸ can alert you to a potential collision two cars ahead. All these features come standard to elevate your confidence for the road ahead.

TRIM LEVELS & PACKAGES

Q50 LUXE

VISIBILITY

- Rear Defogger With Timer
- Exterior Mirrors Electric Folding, Heated, Body Color, Reverse Link W/ Memory
- Interior Rear View Mirror W/ Auto Dimming

All dimensions are measured in mm.

1 Available on select models. 2 Available feature shown. Use feature only when safe and legal. Compatible device and service required. Subject to third party service availability. For more information see www.infiniti-me.com/ownership/faq. 3 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 4 INFINITI drive assist technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information. 5 Intelligent Cruise Control uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 6 Blind Spot Warning cannot prevent collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. 7 Lane Departure Warning only operates when lane markings are able to be detected. See Owner's Manual for safety information. 8 Predictive Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. 9 Intelligent All-Wheel Drive cannot prevent collisions or provide enhanced traction in all conditions. Always monitor traffic and weather conditions. 10 Distance Control Assist uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 11 Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. 12 Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. 13 Around View® Monitor with Moving Object Detection cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. 14 Backup Collision Intervention may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. 15 Forward Emergency Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 16 The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system can sense exterior odors, can suppress unpleasant interior odors, can stop the inflow of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. 17 High friction brake pads are designed for high-performance driving with a higher coefficient of friction on the rotors that provides superior pedal feel and improved fade resistance in severe braking conditions. Depending on your driving habits, you may experience increased brake dust and noise as well as faster wear and tear of the brake pads and rotors, resulting in more frequent replacement of these components. 18 2023 Q50 LUXE/SENSORY (RWD) EPA Fuel Economy Estimates 20 mpg City, 29 mpg Highway. Actual mileage may vary with driving conditions. Use for comparison only. 19 2023 Q50 LUXE/SENSORY (AWD) EPA Fuel Economy Estimates 19 mpg City, 27 mpg Highway. Actual mileage may vary with driving conditions. Use for comparison only. 20 Cargo and load capacity limited by weight and distribution. Always secure all cargo. 21 2023 Q50 RED SPORT 400 (RWD) EPA Fuel Economy Estimates 20 mpg City, 26 mpg Highway. Actual mileage may vary with driving conditions. Use for comparison only. 22 2023 Q50 RED SPORT 400 (AWD) EPA Fuel Economy Estimates 19 mpg City, 26 mpg Highway. Actual mileage may vary with driving conditions. Use for comparison only.
