TO GO BEYOND

For those who dare to define themselves beyond the usual measures, there’s INFINITI—an experience that challenges the limits of what’s possible. See this take shape on the all-new INFINITI QX50, where design is elevated to an aspirational aesthetic and innovative technology empowers you to do more than you thought possible. Begin by crafting your QX50 for your personal journey. Every selection is designed around you and your drive to go beyond.

START WITH A BLANK CANVAS

It’s the only way to create something that the world has never seen—a 5-door crossover that embodies the perfect balance of dynamism and purpose. A new clamshell hood design wraps over the fenders. The large wheel-to-body ratio translates into daring proportions, while eye-inspired I-LED headlights speak to the future through a series of unique cube shapes.

REFUSE TO COMPROMISE

The biggest revolution in the internal combustion engine since its inception, the INFINITI Variable Compression Turbo is the world’s first production engine that continuously transforms to optimise both power and efficiency. The multi-link system flexes to lower the compression ratio when more power is needed and relaxes to raise the compression ratio when greater fuel efficiency is desired.

How will your QX50 come to life? Start with a modern flexible interior that offers a trio of premium materials. Press a button and command the road with ease during traffic and long drives. Select advanced technologies that help empower you to do more.

**SHOW YOUR SIGNATURE**
Express your unique outlook with an interior as modern as you are. Choose the premium look of warm semi-aniline leather seats, a Brown Ultrasuede® headliner and blue Ultrasuede® accents in the QX50 Autograph. Then illuminate the mood with interior ambient lighting that highlights the asymmetrical dash, console, door panels and footwells in soft amber.

**ADAPT TO ANYTHING**
Whatever comes your way, know that you are ready. Sliding second-row seats can move forward to enhance legroom. Most child strollers, on the other hand, effortlessly fit lengthwise with the seats upright. Step up to greater ease and convenience with the Motion Activated Liftgate that automatically opens with a swing of your foot under the rear bumper for hands-free access.

**PUSH FOR LESS STRESS**
When technology advances to enhance the driver, you can cruise, follow and steer easier. Let go of stress and let technology help you maintain a set speed and distance to the vehicle in front of you. To further support the driver, a Head-Up Display ensures information is in your line of sight.

**EXTEND YOUR AWARENESS**
Heighten your abilities with leading safety technologies. Predictive Forward Collision Warning, an INFINITI world’s first technology, monitors not only the vehicle directly in front of you but also the vehicle in front of that one, to warn you of sudden deceleration. Blind Spot Intervention, meanwhile, helps you avoid cars in your blind spot area when changing lanes.

**ADD DISTINCTION**
